

# Medical Device Technician

Central Ohio Orthotic & Prosthetic Center: [www.COOPC.org](http://www.COOPC.org)

## Position Summary:

This position is responsible for fabricating orthoses and prostheses to provide maximum fit and function through workmanship. Technician can be experienced in Orthotic & Prosthetics; or we will train.

Full or part time positions available for people with good hand/eye coordination to make devices for people to improve their daily living. A rewarding experience for diligent individuals with strong character and good work ethic.

## Responsibility:

- Perform fabrication and repair of orthotic and prosthetic devices, according to COOPC quality standards
- Order, receive and perform other inventory tasks as assigned
- Maintain a safe, clean and orderly work environment
- Adhere to all safety regulations and OSHA requirements
- Keep abreast of all new fabricating techniques
- Use appropriate equipment and understand properties of pertinent materials
- Perform other related duties as required

## Education Requirements:

- A high school diploma or GED required

## Skill Requirements:

- Hand skills to fabricate and repair artificial limbs and orthopedic braces according to specifications. Previous orthotic and prosthetic lab tech experience helpful, but can train
- Mechanical ability and hand-eye coordination to use laboratory tools safely and effectively
- Effective organizational, time management and planning skills
- Excellent communication skills and team player
- Function effectively and professionally under moderate to high stress levels due to time constraints
- Adheres to all safety and OSHA requirements, at all times
- Good math skills
- Good computer skills

## How to Apply:

- Email resume to: [231HALO@coopc.org](mailto:231HALO@coopc.org)
- Fax resume to: (614) 231-0127 – Attention Sherri
- Salary and benefits will be discussed during interview
